Lower Income Tax

Raise the tax-free threshold from \$18,200 to \$40,000 through cutting government waste and subsidies.

Streamline the Bureaucracy

We are advocating for a Federal Convention to streamline the duplication of State and Federal departments.

Flexible Childcare Support

Childcare subsidies to go directly to parents, using vouchers to provide flexibility to parents inc shift workers.

Public Bank & Insurance Office

We want to stop the closure of bank branches, ensure cash is available and bring down the cost of insurance.

Reduce Immigration

Our immigration rate is unsustainable. Immigration MUST be cut to less than 100,000 per year.

Infrastructure Bank

We will restore Commonwealth ownership of infrastructure using an infrastructure bank to fund it.

Voluntary Superannuation

We want people to save for their own homes faster and to pay down their mortgage before they retire.

Abolish Renewable Subsidies

Subsidies on renewable energy should be abolished. We must focus on practical measures to protect our environment.

Independent Judicial Commission

The judicial system requires scrutiny and oversight by a dedicated independent body.

Education Reform

Education should be a competition of ideas and devolved where possible to schools, communities and parents.

HECS Reform

20% discount on upfront or extra repayments of debt, and HECS for teachers and nurses to be abolished.

THE PEOPLE FIRST PARTY WILL
IMPROVE YOUR QUALITY OF LIFE

Whistleblower Protections

We aim to introduce stronger protections for whistleblowers, so they are not bullied into silence.

Defending Australia

Inquiry into ADF recruitment failures, as to why capable Australians are refused entry into the Defence Force.

Energy Policy, not Ideology

We support all types of home grown base load energy. This includes coal, nuclear, gas and hydro.

Primary Industries

People First stands firm in protecting Australia's agriculture, mining, logging, and fishing industries.

Longer Fixed Home Loans

Longer loans will alleviate cost-of-living burdens and provide financial stability to homebuyers.

Health Policy

People First will improve quality assurance, accountability and transparency in healthcare.

Environment Policy

We will focus on practical measures that will protect Australia's environment and biodiversity, not ideology.

Protect Freedom of Speech

We will lobby to enshrine freedom of speech in the Constitution by holding a referendum at a federal election.

Support Farmers

People First will allow farmers and small business to collectively bargain against big corporations.

Cut the Beer Excise Tax

Slash the beer excise by around 50% for beer with an alcohol content above 3%, and standardised to 20 cents a litre.

Cross-Media Ownership Reform

We support non-biased media. Media should be restricted to owning only two of the three major mediums for communication.

Income Splitting For Families

Allowing parents to split their income, to ensure families are taxed the same for a given family income.

BAS Reform for Easier Business

We'll help small business by lifting the GST reporting from \$75,000 to \$250,000.
